Subject: 1st Ince & Elton HQ Exterior Works

Hello Tracey

Hope you're keeping well

Our fundraising Committee recieved some fantastic news recently from Veolia. We have been granted the funding to have the exterior works on our HQ.

So firstly thank you once again Elton Parish Council for allowing us to extend our perimeter as we can now have the secure fence fitted. We can have the grounworks done and make the area a much more child friendly space and usable, not just for Beavers, Cubs & Scouts, but for the whole Community to utilise when things eventually get back to normal.

Works wont be proceeding until at least Spring/ Summer.

Thank you once again as without EPC support this wouldn't be possible.

Merry Christmas & A Happy New Year

Kind Regards

Natalie Tudor
